

RE: Johnson v. Nexus Dynamics Corp., Case No. 26-CV-0412

Counsel:

Per our call this morning, the September audit file remains outstanding. Your client's production is now six weeks late. We will move to compel on Thursday unless the file and the related custodian list are produced by close of business.

The court reporter confirmed the deposition transcript for Marcus Johnson is final. Exhibit 14 was marked and admitted.

Govern yourselves accordingly.

Diane Marchetti, Esq.
